If the capital restoration plan is not approved by the Farm Credit Administration, the Agency shall inform the institution of the reasons for disapproval, and the institution shall submit a revised capital restoration plan within the time specified by the Farm Credit Administration.

(iii) The institution's capital, adverse assets (including nonaccrual and nonperforming loans), allowance for loss, and other ratios compared to the ratios of its peers or industry norms;

(iv) How far an institution's ratios are below the minimum requirements;

(v) The estimated rate at which the institution can reasonably be expected to generate additional earnings;

(vi) The effect of the business changes required to increase capital;

(vii) The institution's previous compliance practices, as appropriate;

(viii) The views of the institution's directors and senior management regarding the plan; and

(3) An institution shall be deemed to be in compliance with the surplus and collateral requirements of this subpart if it is in compliance with a capital restoration plan that is approved by the Farm Credit Administration within 180 days following the end of the quarter in which these regulations become effective.
